8645 // The influence of birth plan on delivery care among women attended by the Public Health System in Brazil // Silvyle Emilie Vogt et al.
8265 // Prospective study of midwifery contribution to normal birth attention // Mária Jesus Gutierrez Martin et al.
8670 // Castor oil for induction of labor. Effectiveness of its use // Ariadna Polo Zamorano et al.
8639 // Consequences of caffeine consumption during pregnancy // Silvia Piqueras Villanueva et al.
8646 // Need for supplementation with vitamin B12 during pregnancy and breastfeeding // Lorena Mera Rodriguez et al.

Biomechanics & Bioengineering
8295 // Efficiency of the modified Sims maternal position in the rotation of persistent occiput posterior position during labor: A randomized clinical trial // Vanessa Bueno-Lopez et al.
8624 // Position - the little known pressure system creating outcomes in birth // Gloria Esegbona
8625 // Wrong leg position during pushing and second stage outcomes: a global public health crisis // Gloria Esegbona

Socio-cultural Perspectives
8281 // Clinicians’ views of factors influencing decision-making for caesarean section: A systematic review and metasynthesis // Sunita Panda et al.
8400 // Promoting sexual and reproductive health in schools: characterization of individual contexts in a sample of Portuguese pregnant adolescents // Paula Saraiva Carvalho et al.
8642 // Birth Plan: the experience of women attended by the Public Health System in Brazil // Silvyle Emilie Vogt et al.
8664 // Dietary Interventions for overweight and obese pregnant women // Reeta Lamminpää et al.
8306 // Myths and believes in postpartum // Maria de Fátima da Silva Vieira Martins
8357 // Structured organisation of postpartum care: benefits for families and midwives // Susanne Grylka-Baeschlin et al.
8630 // Postpartum and suffering: a qualitative research about puerperal depression // Lorena Cronemberger

Organisational Perspectives
8681 // Birth as a professional experience - results from a survey to Portuguese midwives and obstetricians // Dulce Morgado Neves et al.
8286 // Assessing our performance in maternity care // Clara Garcia-Terol et al.
8316 // Does an antenatal educational programme decrease adverse pregnancy outcomes among obese pregnant women in Kurdistan Region of Iraq? // Aveen Hajimam
8337 // The effect of continuity of care on the physical and mental health of mother and child in the postnatal period: a systematic review // D’haenens Florence et al.
Permanent Poster Exhibition

Organisational Perspectives (cont.)
8601 // Having a baby in our hospital // Vanessa Lozano et al.
8615 // Networking of independent midwives in Switzerland // Astrid Krahli et al.
8651 // Providing continuity of care: a year in the life of a caseloading midwife // Karen Hagan
8658 // The role of midwife as a case manager in the placenta accreta // Pablo Rodríguez Coll et al.
8703 // Integrating doulas into hospital births: provider perceptions of doulas and doula care // Kira Neel et al.
8267 // Assessing emotional aspects of intrapartum caregiving – development and testing of the Responsiveness in Perinatal Care index // Julia Leinweber et al.
8618 // Experiences of midwives performing antenatal cardiotocography in a Dutch primary care setting: a qualitative study // Marit Van Der Pijl et al.
8648 // Plateaus in childbirth as an element of moving forward – an empiric research about resting periods in labour // Nele Krüger

Neuro-psycho-social Perspectives
8310 // Exploring women’s attitudes on incontinence in pregnancy and the puerperium // Joanna Ghigo
8638 // Risk perception about teratogenic effects of alcohol consumption in pregnant women // Isabel Corrales Gutiérrez; Fatima León Larios
8303 // The role of a specialist bereavement midwife. Pregnancy loss and perinatal death clinical guideline // Maria D. Cerdan et al.
8650 // Bonding of women and men // Katarína Greškovičová et al.
8284 // Effects of Mental Contrasting with Implementing Intentions (MCII) vs. Standard Pregnancy Care on Childbirth Self-efficacy: study protocol for a RCT // Laura Zisser et al.
8635 // Validation of a Spanish version of the Being a Mother scale (BaM-13) // Anna Riera-Martin et al.
8671 // Improving the care of the primipara // Linda Rilby; Karin Larsson

Dissemination of Academic Knowledge
8318 // Shoulder dystocia simulation-based workshop // Zulema Romero Aguilar et al.
8602 // Perineal injuries // Vinyet Soler et al.
8195 // Evidence on term breech since the 2000 Term Breech Trial // Rixa Freeze
8647 // Implementing a screening programme for perineal repair outcomes the first week postpartum // Sara Kindberg et al.
8305 // The family centered care: the midwives perspectives // Maria de Fátima S. V. Martins
8243 // A pragmatic randomized controlled trial involving women undergoing elective CS: from an idea, to overcoming challenges in its implementation // Aliona Vilinsky-Redmond et al.
8665 // Building trust to childbirth: development and evaluation of a programme // Ana Paula Prata et al.

Other
8234 // Can we predict women’s perception of pain in childbirth? // Sigfridur Inga Karlsdottir
8368 // Quality indicators in a Birth Center in the city of São Paulo, Brazil // Rosemeire Sartori Albuquerque et al.
8603 // Entonox // Leire Diener et al.
