

## Queen's University Belfast ISPOR Student Chapter Seminar

**ISPOR** is the leading professional society for health economics and outcomes research (HEOR) globally.

We have recently established the 3<sup>rd</sup> UK Student chapter of ISPOR at Queen's University, which will run a series of seminars across the academic year. The ISPOR SC Organising Committee is pleased to welcome you to the third seminar in our program for the year.

<b>Event</b>	<b>Date</b>
<b>Lesley Edgar, Implementation Facilitator</b> Topic:  'NICE' to know!	22 <sup>nd</sup> January 2019 <b>12 pm</b> Centre for Public Health, 2 <sup>nd</sup> Floor Seminar Room ICSB  Royal Victoria Hospital Site

Lesley Edgar works in the [National Institute of Health and Care Excellence](#) (NICE) field team as the Northern Ireland facilitator. NICE works with organisations to help to put guidance into practice. The NICE Field teams work with NHS, local authority and other organisations in their area, ensuring regular interaction with stakeholders.

The field team engages with organisations and networks to encourage, inform and facilitate NICE guideline implementation activities, they gather feedback to underpin aspects of NICE's work, including examples of good practice to share with other organisations and they promote the wide range of resources that NICE provides to help put guidance into practice. Lesley will help researchers understand and explore the potential to use NICE resources to support research activities.
