

西安交通大学
XI'AN JIAOTONG UNIVERSITY

热流科学与工程教育部重点实验室
Key Laboratory of Thermo-Fluid Science & Engineering, MOE

讲座主题：

Publishing and reviewing for a leading international journal

受邀主讲人：

**Dr Aoife Foley, Queen's University Belfast,
Editor-in-Chief, *Renewable and Sustainable Energy Reviews***

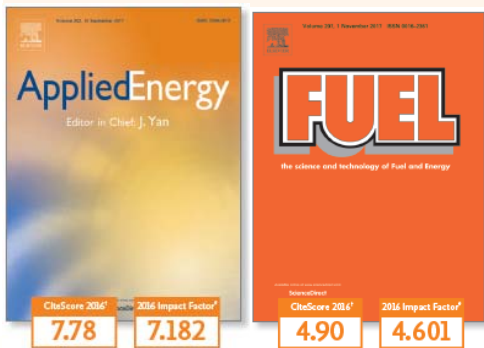

Dr Foley is a Faculty Member and Advisor of Studies with the School of Mechanical and Aerospace Engineering in Queen's University Belfast. Dr Foley returned to full-time academia in 2009 after 12 years in industry, since then she has accessed more than €3 million in research income to undertake her research activities. Dr Foley is a recognized expert in energy policy, wind forecasting and renewable energy integration. While in industry she worked for ESB International, Siemens, PM Group and SWS Energy primarily in project management roles in the energy, waste, pharmaceutical and telecommunications sectors. She has a BE(Hons) (1996) (Civil & Environmental Engineering) and a PhD (2011) (Energy Engineering) from University College Cork and an MSc (1999) (Transportation Engineering) from Trinity College Dublin. She is also a member of the Editorial Board of Renewable Energy and the Editorial Panel of the Institution of Civil Engineers Proceedings in Transport. Dr Foley is a Chartered Engineer, Fellow of Engineers Ireland and a Fellow of the UK Higher Education Authority and a member of the IEEE Vehicular Technology Society (VTS) and Power Energy Society (PES).

时间：10月25日（周四）下午3点-5点

地点：北二楼二楼报告厅

主要内容：

当今时代科研人员面临着各种挑战，不仅需要科研合作、数据分享、申请基金，还需要将成果发表、推广并扩大影响。特别是处于科研职业生涯初期的研究人员，不论其身处何国，都面临着来自这些挑战的多重压力。

与国际领先期刊面对面！
