CRS 2020 Abstract Instructions

Controlled Release Society <info@controlledreleasesociety.org>

Tue 09/06/2020 01:28

To: Alejandro Paredes <A.Paredes@qub.ac.uk>

This message is from an external sender. Please take care when responding, clicking links or opening attachments.

Hello Alejandro Paredes

Please see the letter below with information on how to present your Poster or On-demand Talk at the 2020 CRS Virtual Annual Meeting. **Click here to access the instruction sheet.**

Please advise of any questions or concerns you may have,

Thank you

Dear Alejandro Paredes

Congratulations again on your poster acceptance for the 2020 CRS Virtual Annual Meeting.

Your Abstract Title: Loading Olive Mill Wastewater Polyphenols In Micro
Your Poster Number: 832

We are pleased to inform you that, because your poster was highly scored, you now have the option to record an on-demand talk for your presentation instead of a poster. On-demand talks are 10 minutes long and will be posted on the online virtual conference platform during the conference, as well as up to 2 weeks before and for 2 weeks after. Alternatively, if you would prefer to present a poster at the Annual Meeting, you may do so. A comparison between a poster and an on-demand talk is provided at the end of this letter.

There are three things you need to do to present your poster or on-demand talk:

1. Confirm that you will participate and indicate whether you will present a poster or on-demand talk at the Virtual Annual Meeting. Please reply with one of the following responses to **nmascali@controlledreleasesociety.org**.

- Accept Poster
- Accept On-demand Talk
- Decline to Participate

2. Prepare and upload your poster presentation or on-demand talk to our online virtual platform.

If you will present a poster, please follow the instructions found **HERE**. To facilitate viewing via the online format, your poster will be in the form of a three-slide PowerPoint document. You are also encouraged to provide a brief oral overview of the poster to accompany the slides. You may do so by providing a voice narration over your PowerPoint presentation that serves as a high-level overview. The viewer can also spend additional time looking at your poster in detail if they choose to do so.

Please follow the guidelines below to create your PowerPoint ePoster

- Create in PowerPoint using a 16:9 aspect ratio
- Present in PowerPoint format
- Landscape orientation / horizontal
- File size is 100 MB or less
- Resolution of your ePoster is 1920 x 1080 or 16:9
- Font size should not be smaller than 12 point and preferably much larger
- Embed images, charts or graphs within PowerPoint
- No videos or links in the slide presentation
- ePoster is 3 pages/slides
- Add oral overview (up to 1-minute total) as embedded voiceover in the PowerPoint file.

Instructions on how to do this are given in the link above.

Posters will be available for viewing starting 2 weeks before and extending until 2 weeks after the start of our meeting. To maximize exposure to your poster, please upload it by June 15.

If you will present an on-demand talk, please follow the instructions found **HERE**. Your on-demand talk will be up to 10 minutes long in the form of an MP4 file accompanied by your voice and your video image in the corner of the screen. The file should be under 2 GB in size. We recommend utilizing Zoom to create your MP4 file (which can be done with the free version of the software). However, you can choose any format that allows you to produce an MP4/h.264 file under 2 GB in size. Additional options are included in the instruction link above.

On-demand talks will be available for viewing starting 2 weeks before and extending until 2 weeks after the meeting. To maximize exposure to your On-demand Talk and to ensure that we can make any final edits and prepare your on-demand talk for the Annual Meeting, please upload it by June 15.

3. Note that registration for the conference is required to present a poster or an on-demand talk. You can register **HERE**.

Please advise of any questions or concerns you have.

Kind regards,

Comparison of a Poster versus an On-demand Talk Poster

Poster formatting using three PowerPoint slides presented online at the virtual conference platform.

- One-minute oral presentation as an overview to accompany the poster.
- Posters available for viewing starting 2 weeks before the conference until 2 weeks after the conference, to maximize exposure to your Poster.
- Posters will be organized by topic. Top-ranked posters will be highlighted. Posters will be fully searchable using a search engine.
- Poster highlights will be communicated to conference attendees during the Poster Session for two weeks before the conference.
- Poster will be linked to your Personal Page on the online virtual conference platform to facilitate connections with conference attendees interested in your work.
- An online comment board is available for discussion of your Poster.
- You have the option to identify yourself as looking for a job or having an open position for a job.
- You have the option to participate in the pre-conference Poster Meetup with a small group of poster presenters that have similar interests (details will be provided about this separately).
- Top-ranked Posters are eligible for awards.

On-demand talk

- A pre-recorded, ten-minute presentation with slides captured on Zoom (or similar interface).
- On-demand Talks will be available for viewing starting 2 weeks before the conference until 2 weeks after the conference to maximize exposure to your On-demand Talk.
- On-demand Talks are organized by topic. Top-ranked presentations will be highlighted. All On-demand Talks are fully searchable using a search engine.
- Presentation highlights will be communicated to conference attendees during the On-demand Talk Session for two weeks after the conference.
- Your presentation will be linked to your Personal Page on the online virtual conference platform to facilitate connections with conference attendees interested in your work.
- An online comment board is available for discussion of your On-demand Talk.
- You have the option to identify yourself as looking for a job or having an open position for a job.
- You have the option to participate in the post-conference Poster Meetup with a small group of poster presenters that have similar interests (details will be provided about this separately).
- Top-ranked On-demand Talks are eligible for awards.
