**Take down policy**  
The Research Portal is Queen's institutional repository that provides access to Queen's research output. Every effort has been made to ensure that content in the Research Portal does not infringe any person's rights, or applicable UK laws. If you discover content in the Research Portal that you believe breaches copyright or violates any law, please contact [openaccess@qub.ac.uk](mailto:openaccess@qub.ac.uk).

**Open Access**  
This research has been made openly available by Queen's academics and its Open Research team. We would love to hear how access to this research benefits you. – Share your feedback with us: <http://go.qub.ac.uk/oa-feedback>

## Corrigendum: Accelerating the sustainable development goals through microbiology: some efforts and opportunities

Omololu E. Fagunwa<sup>1,2,\*</sup> and Afolake A. Olanbiwoninu<sup>3</sup>

*Access Microbiology*, 2, 5 2020;0, doi: 10.1099/acmi.0.000112

The figures used in this manuscript contravened the copyright legislations of The United Nations (UN) regarding permissions to reuse images representing their Sustainable Development Goals (SDGs).

Fig. 1 incorrectly used the UN's SDGs imagery as the background to their figure without citation or permission. The figure should have not included the imagery and should have been displayed as follows:

Fig. 2 contained an image displaying the UN's SDGs which non-UN affiliations are not permitted to re-use. The figure should have displayed the following reusable image:

The authors apologise for any inconvenience.
