General rights

Copyright for the publications made accessible via the Queen's University Belfast Research Portal is retained by the author(s) and / or other copyright owners and it is a condition of accessing these publications that users recognise and abide by the legal requirements associated with these rights.

Take down policy

The Research Portal is Queen's institutional repository that provides access to Queen's research output. Every effort has been made to ensure that content in the Research Portal does not infringe any person's rights, or applicable UK laws. If you discover content in the Research Portal that you believe breaches copyright or violates any law, please contact openaccess@qub.ac.uk.

Open Access

This research has been made openly available by Queen's academics and its Open Research team. We would love to hear how access to this research benefits you. – Share your feedback with us: <http://go.qub.ac.uk/oa-feedback>

Wei Sha, Doctor of Science (2009), School of Planning, Architecture and Civil Engineering, has been busy writing metallurgy and surface engineering books recently, having published two books, "Titanium Alloys" and "Maraging Steels", in 2009, with a third one, "Electroless Copper and Nickel-phosphorus Plating", due out in December 2010.
